HEINE DERM app

HEINE DERM APP

HEINE's exclusive app for the HEINE DELTA 30 and DELTAone dermatoscopes allows you to create crystal-clear images, place them on a bodymap and annotate them with comments, risk levels, a diagnosis and treatment.

- Annotate with risk levels, diagnoses and treatments
- Store and manage dermoscopic digital images
- Assign images using a bodymap
- Clear and intuitive user interface
- Compare past images

Bundle Includes:

- Delta 30 Dermatoscope
- Charging Station
- Contact Plate
- Smartphone Adaptor

Heine DELTA 30 Dermatoscope Bundle

The HEINE DELTA 30 Dermatoscope, if there's something to discover, you'll be sure to see it. This high-end dermatoscope provides the best imaging Heine has ever developed. Combined with a true field of view measuring 30 millimetres and unprecedented colour rendering, in LED HQ of course. Polarisation provides glare-free and non-reflective working conditions.

- Rechargeable battery with Li-ion technology: no memory effect; safely recharge the battery regardless of its state of charge
- Switch between polarised and non-polarised illumination made at the touch of a button
- Digital documentation with the exclusive HEINE DERM app or the HEINE Cube System
- Crystal clear image, no matter if you prefer a closer or greater working distance
- Extremely sharp image with the new achromatic HEINE optical system
- No cross-contamination: autoclavable contact plate with scale
- Fast change from contact to non-contact examination
- Ergonomic handling due to angled product design
- Largest true field of view of 30mm (lens 32mm) Ø
- Polarisation eliminates reflections and glare
- Brightness control: 3 levels of light intensity
- Excellent colour rendering due to LED HQ
- Easily cleaned with spray disinfectant
- Dioptre compensation
- 10x magnification

Heine EL3 LED Examination Light w/ Wall Mount

HEINE has set a new standard which maintains that only the best is good enough, from the selection of materials to processing, from light intensity and thermal management to a colour rendering index as high as possible.

That's what we call LED in HEINE Quality – or LEDHQ.

Shadow-free illumination. The compact illumination head (Ø approx. 60 mm) allows convenient, precise positioning, particularly in difficult application situations. Optimal positioning eliminates unwanted shadows in the illuminated field.

Maintenance-free and easy to clean. Cool-Touch closed head design makes disinfection safe and easy.

Optimal positioning. The light weight head and stable goose neck allow easy and intuitive adjustment and keep the light exactly in the required position.

It's easy to use and supports comprehensive bedside monitoring - from routine vital signs acquisition to early warning scoring and interval monitoring. And we can integrate with your EMR, giving your care teams immediate access to critical information - when and where they need it.

- 1 Customised features help clinicians identify and respond to signs of patient deterioration sooner.
- 2 Vital signs and other patient health data points are sent directly to the EMR to help reduce errors and omissions.
- 3 Industry-leading technologies support and produce readings you can rely on.

Your frontline defence against infection

Science for your skin

You protect your patients, the Bactol® range protects you. Regular hand hygiene has never been more important, but poorly formulated hand sanitisers are wreaking havoc on our hands. This is where Bactol® steps in – with effective cleaning, balanced by emollients leaving skin feeling soft and healthy.

Bactol® Clear	Bactol® Blue	Bactol® 90%	Bactol® 2% CHG	Bactol® Moisturiser
Antibacterial Hand Rub	Antibacterial Hand Rub	Alcohol Surgical Hand Rub	Antibacterial Hand & Body Wash	Hand Moisturiser
Colour-free, antibacterial hand rub with emollients. Maintains skin integrity and prevents moisture loss.	pH balanced antibacterial hand rub, containing a natural emollient to maintain skin integrity and prevent moisture loss.	For surgical hand disinfection. It contains 90% alcohol and is enriched with emollient to leave skin feeling soft and refreshed.	Chlorhexidine Gluconate, pleasant fragrance and superior lathering make this the ideal procedural hand wash and patient body wash.	Offers extra protection, especially where hand washing occurs regularly. Absorbs quickly and is suitable for use under surgical gloves.
AUST R 335834	AUST R 155397	AUST R 387573	AUST R 345050	

There's a Bactol® product for every application – the result of decades of research and development, including extensive feedback from healthcare workers and facilities. Every Bactol® product is pH balanced and 100% Australian made.

Hyfrecator 2000

Electrosurgical System (ESU)

The Hyfrecator® 2000 is a multi-function electrosurgical generator with both monopolar and bipolar modes, self-diagnostics, and recall of stored power settings. Upon installation, physicians experience simple use, precise tissue therapy, and years of safe and reliable operation for office-based procedures.

- High output terminal for heavy desiccation and fulguration procedures.
- Low output terminal for light and precise desiccation and fulguration procedures.
- Subtle control to 1/10th of a watt when using LO, and longer broader arcs of current when using HI.
- Dual microprocessors: one controls output and functionality, the second monitors the system for safety.

Edan SE1200 A4 ECG LCD Screen 12 Channel Interpretive

The SE-1200 12-channel electrocardiograph is a high-end ECG unit that is also very easy to operate, featuring an alphanumeric keyboard with one-touch operation. Provides excellent cost performance, with reliable 12-lead resting ECG analysis that has been tested against CSE authority data.

Features

- Digital filters for baseline, AC & EMG interference minimisation
- Preview report for real-time printing & file storage
- USB port for data transmission & external printer
- Sleep mode to save energy and extend LCD life
- Compact & lightweight with carry handle
- Data transfer via Ethernet and RS232
- Built-in rechargeable Li-ion batter
- 100 ECG internal storage
- 320x200 LCD display
- 210mm Printout

Accurate Clinical Performances

- Automatic measurements and interpretation tested with CSE/AHA/MIT databases
- Anti-noise technology with comprehensive filters and high CMRR over 140dB
- Weak signal detection with the advanced 24-bit A/D converter technology
- Extend printing once arrhythmia is detected for further rhythm analysis
- 120s real-time ECG waveform freezing and review to assist diagnosis
- Built-in Glasgow Interpretation
- ECG Signal Quality Indication
- Advanced ECG analysis: Vector ECG (optional)

MBS Rebate Item 41647

Micro inspection of tympanic membrane and auditory canal, requiring use of operating microscope or endoscope, including any removal of wax, with or without general anaesthesia, other than a service associated with a service to which item 41509 applies. Not applicable for the removal of uncomplicated wax in the absence of other disorders of the ear.

Fee: \$120³⁵

Benefit: 75% = \$90³⁰, 85% = \$102³⁰

Projot 101 Ear Irrigator

Projot 101 Ear Irrigator is designed by doctors with innovative pulsatile irrigation. Utilising the most modern production methods the Guardian Projot 101 was designed to fulfil the most demanding surgeries and hospital ward requirements for a reliable, leak free and easy to use machine that is not expensive to run and does not require constant maintenance and subsequent down time.

- Sliding flow regulator conveniently mounted in handle. Water flow can be temporarily stopped by sliding regulator to off position or flow regulated by sliding control to desired position
- Integral wall mount frees up valuable work space by wall mounting the Projot™ however easily removed for cleaning etc
- Digital control of water pressure and flow is easy to operate and remains constant and reproducible
- Extra long mains lead and handle hose so machine can be sitted where it is most convenient
- Projot 101 Ear Irrigator is designed by doctors with innovative pulsatile irrigation
- Ultra thin atraumatic tips help visualisation and direction of water flow

SPIROMETER

MIR Minispir 2 Spirometer w/ S'Ware NO Turbines

- Real time Flow/Volume loops and Volume/time curves with PRE/POST comparison
- Methacoline and Mannitol provocation test with FEV1 dose-response curve
- Plugs directly into the USB socket on your PC
- Temperature sensor for BTPS conversion
- Advanced spirometry test interpretation
- Pediatric incentive animations
- Lung age estimation (ELA)
- Online Oximetry (option)
