Welcome to Edition 4!

Celebrating 50 Years, Infection Prevention Week, Early Bird Flu, Shocktober, and more!

Welcome to the fourth and final edition of Focus for 2026. You may notice a bit of a theme throughout this edition - it's **our 50th birthday!** On top of that there are plenty of reasons to be excited for the last few months of the year, a part from the fact it's getting warmer.

International Infection Prevention Week is on in October. From the 18th - 24th, 2026's IIPW focuses on Past, Present, and being Prepared for the future. Recognising and reflecting on where we were and how far we've come can help us maintain and strengthen infection prevention and control practices, as well as improve ongoing education for healthcare workers. Find the best IPC products for your practice on pages 4 and 5.

Speaking of being prepared for the future -- **Early Bird Flu** is here! Make sure your practice is prepared by getting a head start on 2027's influenza season. It's never too early to start planning and pre-orders are open. We have a few returning vaccines from last year including the innovative intranasal FluMist, as well as a new adjuvanted vaccine that boasts an improved efficacy. Find out more on page 6 and secure your stock!

October is Shocktober! Sudden cardiac arrest affects over 30,000 Australians each year and having an AED nearby increases the chance of survival to over 70%. SSS Australia has industry leading AED's at incredible discounts of up to 36% during this quarter! Whether you're rolling out or upgrading, we've got the savings you need.

Our **2027 Wall Planner** is also available for order! Scan the QR code on the back of the edition and fill out your details so we can send you your FREE wall planner!

As the year draws to a close we lastly want to thank you for another great year. From our team to yours, happy holidays and have a happy new year. We look forward to doing More For You in 2027, and for the next 50 years. of fun ways to say thank you to customers new and old who have helped us get this far. We're excited to celebrate with you soon, and continue doing More For You for the next 50 years.

Our New Practice Upgrade & Set Up Guide is here!!

Celebrating 50 Years of SSS Australia Supporting Healthcare Professionals and Organisations

From modest beginnings in a Brisbane suburban garage in 1976, once known as South Side Surgical.

Now SSS Australia, we have grown into a team of more than 70 people operating from a purpose-designed head office and warehouse - united by a commitment to supplying healthcare professionals and organisations across Australia with quality medical products and dependable support.

~ 550 team members over five decades ~

Growth, innovation and enduring relationships have shaped our journey. Over five decades, 550 staff have contributed, while our supplier network has grown ten-fold from 25 partners to more than 250. We have supported healthcare through changing products, prices and technology, continually adopting information technology to improve efficiency.

Many customers have been with us since our earliest days. As our infrastructure, people, products, pricing and engagement evolve, our commitment to doing **More For You** through personable, dependable service and reliable supply remains unchanged.

~ from 75 customers to more than 7,500 ~
~ from 500 orders to more than 50,000 annually ~

To our Customers: thank you for choosing SSS Australia and for allowing us to be part of your work. Your loyalty, feedback and long-standing relationships mean more than we can express. You have shaped who we are, and we never take your confidence in us for granted.

To Members of the SSS Australia team: past and present, you have all contributed to this milestone. Thank you for the care you brought to your work, the knowledge shared, the challenges overcome, and the extra effort made for our customers and one another.

To our Managers & Leaders: thank you for your commitment to guiding our people and processes to deliver customer satisfaction and encouraging innovation; ensuring our teams continue to develop and deliver valuable customer outcomes.

To our Suppliers and Industry partners: as essential contributors to customer outcomes, thank you for the expertise, innovation, and dependable support that help us maintain supply continuity and deliver quality outcomes. We will continue collaborating through mutual dialogue, shared planning and new initiatives that strengthen customer outcomes and respond to the changing needs of Australian healthcare professionals.

Over the past five decades, healthcare has changed profoundly. Clinical practices, regulation, technology and supply chains have all evolved. Through every change, our customers have guided us - sharing their needs, challenging us to improve and trusting us to provide the products and support that help them care for others.

This inspires our continued investment in people, systems, facilities, product ranges and quality practices. Most importantly, these investments give our teams the tools to respond quickly, achieve prompt outcomes and make life easier for customers. Every improvement is driven by our simple goal: to serve you better.

Thank you to our customers and team members for making the SSS Australia story possible. As we celebrate 50 years, we look to the future with gratitude and confidence, positioned to deliver quality supply outcomes for healthcare communities across Australia.

Colin Smith
CEO/General Manager

International Infection Prevention Week (IIPW) is a global initiative dedicated to raising awareness about the critical importance of infection prevention. Each year, IIPW celebrates the impact of infection preventionists and reinforces the essential practices that protect patients, healthcare workers, and the public.

A proactive approach to IPC, highlights three simple steps: Identify the risk, Protect patients and the workforce, and Control the spread of infection.

Gloves

Nitrile Powder Free Glove Non Sterile

Nitrile gloves are the affordable alternative to vinyl gloves. This nitrile glove conforms to the wearer's hand and supports a greater level of barrier protection than vinyl gloves, reducing the risk of contamination in the workplace.

WIPES

Clinell Biodegradable Universal Wipes
Clinell Biodegradable Universal Wipes are designed for cleaning and disinfecting surfaces and equipment frequently used in medical settings.

1514717 C6

Speedy Clean Wipes Biodegradable Hospital Grade
Speedy Clean Biodegradable Wipes are plastic-free wipes made from 100% plant-based fibres, ensuring a sustainable and eco-friendly option.

1540254 P100

Dermalux Cleansing Wipes
Dermalux Cleansing Wipes are gentle on skin, and contain natural emollients leaving skin feeling fresh and invigorated. They are a single use wipe designed for everyday use.

1385674 23 x 30cm P50

UNDERPADS

Underpads Greeny Compostable

Greenies not only effectively trap and contain liquids to safeguard bedding, clothing, and surfaces during clinical procedures but also offer unparalleled benefits that elevate patient care and environmental responsibility.

1507966 30 x 40cm B300

HOLLOWARE

GuardOn Compostables

The GuardOn range of medical holloware is crafted from sugarcane bagasse, a readily renewable resource and an eco-friendly alternative to plastics. Unlike plastics that take years to break down in landfills, sugarcane bagasse is compostable and biodegradable.

SHOCKTOBER

Every October, Australia unites for **Sudden Cardiac Arrest Awareness Month** to tackle a silent medical emergency where out-of-hospital survival rates hover around 10 per cent. Communities and emergency services rally to demystify lifesaving tools, aiming to transform bystanders into immediate lifesavers.

Anchored by initiatives like "Shocktober" and World Restart a Heart Day on October 16, the campaign focuses on educating the public to call 000, perform CPR, and use Automated External Defibrillators (AEDs). These efforts aim to boost public confidence and increase survival rates, giving more Australians a second chance at life.
