

Choosing The Right PPE for Aged Care & Disability Support

Gloves

- Protects hands and reduce cross-contamination during personal care tasks
- Nitrile gloves = strong, latex free
- Biodegradable options available
- Moisturising GloveON COATS

Masks

- Stop the spread of respiratory droplets
- Level 3 protection for flu season or outbreaks
- Tie-on or earloop designs for comfort

Gowns & Aprons

- Shield clothing from contamination
- Isolation gowns = infection control in resident care
- Aprons = easy, disposable protection

Bouffant Caps

- Maintain hygiene in kitchens and treatment areas
- Minimises hair contamination risk
