**SSS AUSTRALIA IS PROUD TO BE
A STAR PARTNER OF
HILLROM | WELCH ALLYN**

What does that mean?

It means that you can purchase with confidence knowing we can replace certain items under warranty without having to return the product to the manufacturer. This means you can get back to business much faster! It also means our team receives product training directly from Hillrom | Welch Allyn making us experts in the products. We can assist you in selecting the right product for your needs, everytime.

BIGGER, BRIGHTER VIEWS

Examining the structure of the eyes and ears is a fleeting yet critical part of the physical exam. That's why we've listened to countless providers, and have redesigned our otoscopes and ophthalmoscopes for enhanced exams.

Take a closer look with our new Welch Allyn® PanOptic Plus Ophthalmoscope and Welch Allyn® MacroView Plus Otoscope with bright, white LED technology.

Welch Allyn® PANOPTIC PLUS OPHTHALMOSCOPE

- Re-designed with a familiar form factor
- Long-lasting LED illumination
- QuickEye™ alignment technology helps you direct the patient's gaze for better optic disc alignment

1455737 PanOptic Plus - Head Only RRP \$1,195

MORE ACCURACY WITH NEW QUICKEYE ALIGNMENT FEATURE

The PanOptic Plus Ophthalmoscope features two lights on the patient side. These help you direct and guide the patient's gaze, for faster, easier exams from better alignment with the optic disc.

Welch Allyn® MACROVIEW PLUS OTOSCOPE

- Focus-free design
- Long-lasting LED illumination
- For brighter views, pair with new Welch Allyn LumiView™ Clear Single-Use Ear Specula

1455664 MacroView Plus - Head Only RRP \$552

CLEAR THE PATH TO BRIGHTER VIEWS

Our new LumiView™ clear ear speculum is one of a kind, with 4X brightness through an adult speculum when compared to a black speculum. Plus, it's backwards compatible to work universally on all Welch Allyn otoscopes.

1455699 2.75mm Lumiview Clear Ear Specula P34 RRP \$4.75
1455710 4.25mm Lumiview Clear Ear Specula P34 RRP \$4.75
