

Syringes

Complete range of sizes available.

Easy to use with smooth plunger action

LATEX FREE

Easy to use. The silicone coated barrel ensures a smooth plunger action to easily deliver medications.

Accurate dosing. The clear barrel of Terumo syringes allows you to quickly recognise air bubbles for more accurate dosing. With easy to read markings, you can be confident you are delivering the intended dose of medication every time.

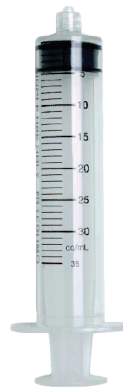

Wide range of products. Available in a wide range of sizes from 1.0mL to 60mL. With luer lock, luer slip, catheter and eccentric tips, you need only stock one brand of syringes to meet all your clinical requirements.
