## **RAID™ EARTH OPTIONS AUTOMATIC INSECT KILLER**

### **Discover nature's power against bugs**

The Raid Earth Options Automatic Advance Multi Insect Control System with Natural Pyrethrins is designed for continuous protection against flying and crawling insects. Pyrethrins are extracts from chrysanthemum daisies, which are nature's own protection against insects. These extracts are used to control most common insects like flies, mosquitos, ants & cockroaches.

### **Kills**

Flies  
Silverfish  
Mosquitoes  
Moths

Ants  
Spiders  
Cockroaches  
Wasps

## Use Instructions: Indoor Usage

Use only with Raid® Automatic Advanced Multi Insect Control System dispenser. Quality of performance is only guaranteed with Raid® Automatic Advanced refills.

Read the instructions thoroughly before installing.

Choose a location where the air circulates freely and where insects are likely to be. Air changes, building layout, temperature and humidity may affect unit's efficiency.

1. Confirm that dispenser is "off" by sliding switch either 'O' position.
2. Connect battery to terminal. Place battery into compartment.
3. Shake can well and then remove protective over-cap from can.
4. Place the dispenser on the Raid can.
5. Push down and twist the dispenser slightly until it stops and locks to the Raid can.
6. Lower the Raid can into the holder and press firmly to attach.
7. Hang product on wall or place on a horizontal surface, preferably 2 meters above floor and at least 30cm below ceiling.
8. For optimal results, keep unit in one consistent location and allow unit to operate continuously without switching off
9. To activate, ensure nozzle is **pointing outwards** and away from you.  
Switch to either "12" or "24" position. The dispenser will activate 10 seconds after switching to the ON position. Your Raid Automatic Advanced Multi- Insect Control System now operates automatically releasing a spray every 7 minutes.
  - Ensure that unit is in upright position during use to be effective.
  - Replace battery when red light on top of dispenser flashes.
  - To remove refill can, turn dispenser cap in counter-clockwise direction.
  - Care should be taken to switch "on" the device only after choosing the desired location.
  - Avoid placing product on or over furniture, plastics and polished surfaces and appliances as the contents may stain or damage these surfaces.
  - **Use only in a well-ventilated area. Do not use in small non ventilated rooms.**
  - Wash hands with soap and water after handling or cleaning the unit.
  - 12 hour setting provides 12 hour continuous protection for up to 105 days.
  - 24 hour setting provides 24 hour continuous protection for up to 52 days.

## Ordering Information

Product Specifications		
Product Code	Product Description	Case Quantity
696898	RAID EARTH AUTO PRIMARY	2
657016	RAID EARTH AUTO REFILL	6

## Precautionary Statement

### KEEP OUT OF REACH OF CHILDREN.

Read all directions before use. Do not allow chemical containers or spray to get into drains, sewers, or ponds. Do not spray directly onto people, pets aquariums and animal cages before application. Turn off aquarium air filter during use. Store away from food, beverages and pet food. VERY ECOTOXIC TO AQUATIC LIFE. Do not throw product into waterways. ECOTOXIC TO BEES. Do not use near bees.

### FIRST AID

If poisoning occurs, contact a doctor or Poisons Information Centre (Phone Australia 13 11 26, New Zealand 0800 764 766). If medical advice is needed, have the product container or label at hand.

### WARNING
